

Website Development Proposal

1. Project Overview

The website will include four types of users: Visitor, Student, Franchise, and Admin. The platform will manage courses, student admissions, franchise centers, and online examinations.

2. Visitor (No Login Required)

- 1 View available courses
- 2 View study centers / franchise locations
- 3 Fill student admission form
- 4 Apply for franchise
- 5 View gallery

3. Student Portal

- 1 View profile
- 2 View registered courses and browse others
- 3 Attend exams online
- 4 View payment history
- 5 Initiate payment for new courses
- 6 Receive notifications

4. Franchise Portal

- 1 View profile
- 2 Wallet system with withdrawal request
- 3 Fill student admission form
- 4 View registered students (after admin approval)
- 5 Send exam request
- 6 View student payments
- 7 Receive notifications

5. Admin Portal

- 1 View profile
- 2 Dashboard (applied, accepted, registered students)
- 3 Approve/reject franchise applications
- 4 Approve/reject wallet requests
- 5 Manage student admissions
- 6 Generate registration numbers
- 7 Initiate exams and generate reports
- 8 Send notifications

6. Registration Number Format

FRANCHISE_CODE / COURSE_CODE / YEAR / RANDOM_NUMBER

7. Core Systems

- 1 Authentication system (secure login)
- 2 Payment system
- 3 Notification system
- 4 Admission workflow
- 5 Franchise wallet workflow

8. Design Requirements

- 1 Clean and modern UI
- 2 Mobile responsive design
- 3 Fast loading performance
- 4 Simple navigation
